June 3, 2016

TO: All Local Unions

FROM: Michael J. Hora, Assistant to the NST

RE: Convention Room Availability

As reported in a correspondence to all Delegates on May 19, 2016, we have finalized sleeping room reservations for all delegates, National Union staff members, production crew, and guest speakers. We are now prepared to release the remaining rooms within our negotiated block to those with incidental requests for additional rooms.

Please understand that there are a limited number of rooms available. These rooms will be released and made available at 2PM EST on Friday, June 3, 2016. In anticipation that the block will sell out, we are working with the hotel in an attempt to secure additional rooms. Delegates and members may call Fairmont reservations at (800) 526-2008 and reference the NPMHU National Convention to secure additional rooms.

We have developed a special website dedicated to the NPMHU 2016 National Convention, which will help you plan for your attendance at this event, and also will provide current convention information and updates over the course of the convention dates. This notification will be posted on the Convention website that may be accessed at <http://convention.npmhu.org/>.

We very much look forward to joining you for a successful and productive 2016 National Convention.
